The Objective Force Task Force Charter

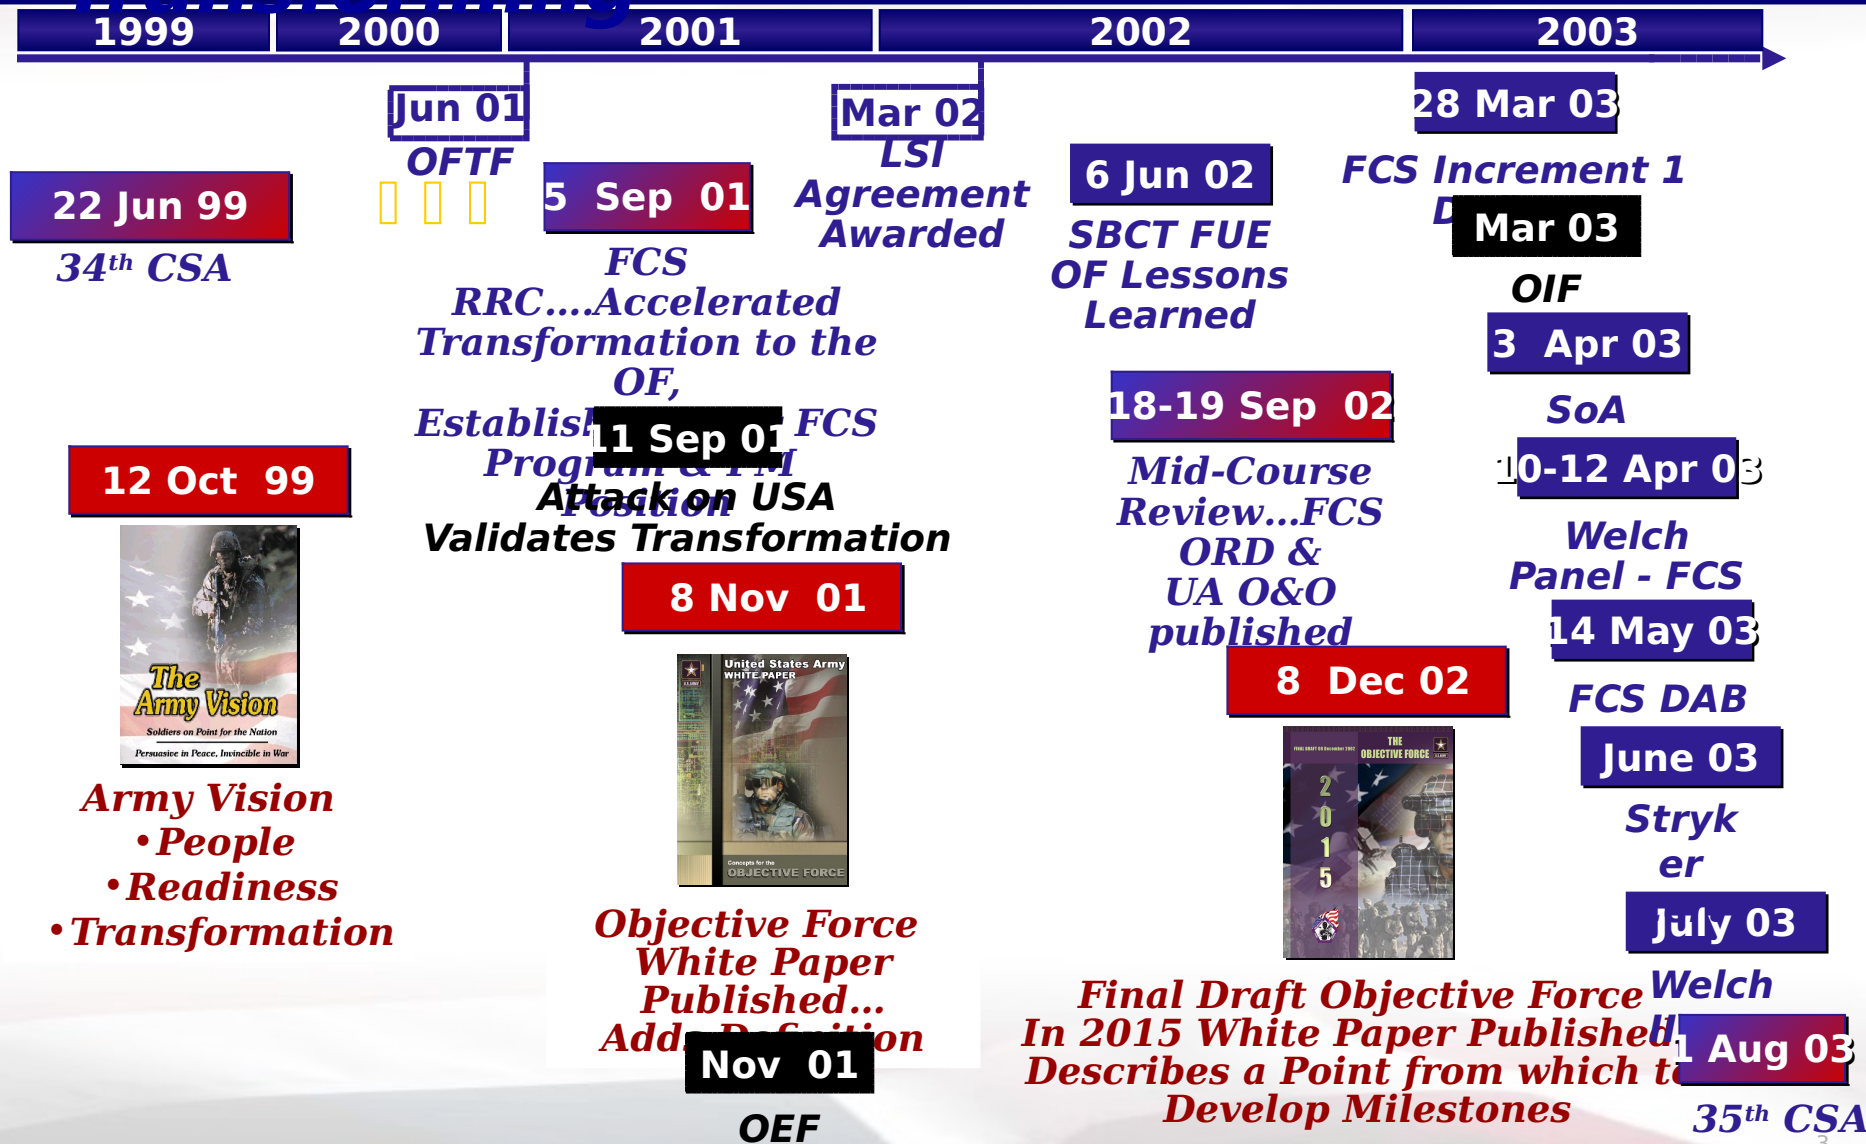

~ *A Special Task Force* ~

- The **single, overarching, integrating activity** within the Department of the Army that provides the **direction, means, and impetus** for The Objective Force
- Facilitates the accelerated fielding of the OF this decade by **integrating and synchronizing warfighting capabilities and technologies** and by providing **assessments** that focus senior Army leadership decision making
- **Action agency** for the **SA** and the **CSA** to synchronize all OF efforts associated with the entire **DTLOMS** process
- Charter is to **favorably influence** multiple parts of the **Army** **Necessary or Duplicative?** the Army achieves OF capabilities this decade

Thoughts for Discussion

- New Vision and Guidance - Objective Force = Current, Stryker, and Future Force
- Institutionalization of Transformation
 - Role of the OFTF in the Futures Center
 - TRADOC's role as the Architect of the Future
 - Relationship with ARSTAF and other MACOMS
- SoS Management
 - Impacts of Welch Panel II – Two 3 Star positions?
 - Joint Program – Involvement of OSD -- bigger than “Big Army”
 - Linkage to complementary systems – Army and Joint
 - Holistic continuous management of FCS and SoS
 - Fire wall industry perceptions
 - LSI role as Army partner
- S&T linkages/implementation of spiral investment/ insertion

FCS is More Than Acquisition - an Army

**Holistic
Transformation must
be realized for
FCS (SOS) to succeed**

*The Journey Continues... Build upon the
Momentum!*
